About

Staret Entegre and Staret Breeding farms are getting more growing and more modernizing every day in Gaziantep Şehitkamil district by revealing its differences with its young and experienced dynamic staff continues to progress. From past to present, our company was established with a capital of 100.000,00 TL on 16/12/2008 Star Konak LOJ. TUR. LTD. STI. On 06. 01. 2020, by merging with As Konak Et Company, It received its title as Staret Entegre Gıda San. ve Tic. A.ş and with the capital increase in 2022, its total capital has reached 100.000.000,00 TL.

In our company where we slaughter bovine and ovine animals and we decided, we also process for your pets, with the idea that every living creature deserves to be fed equally and healthily to operate as a reward food for pets under the roof of our company.

During slaughter, these areas are collected from the carcasses and brought to the pet-food processing area. After cleaning and washing, they are placed on drying ovens. They are dried in ovens at 90-120 °C. The moisture, crude protein, crude ash and crude oil values of the dried products are checked and the products ready for packaging are vacuumed and made ready for shipment.
